

A New **GIANT** Tenor from a **TENOR** Giant

The GIANT Tenor combines the shape of hard rubber with the precision of Anodized Aluminum to create an extraordinarily big, rich and full Tenor sound. Now working with George Garzone, Jody Espina has developed two larger tip openings. The new GIANT Tenor George Garzone Signature 9* and 10* models offer more harmonics and a darker tone, but you'll be amazed at how easy they are to play.

A Giant Step for Your Sound

Available Tip Openings:

GIANT Tenor - 6*, 7*, 8 & 8*

GIANT Tenor George Garzone Signature - 9* & 10*
