

POWER RING[®]

Ligatures

- **Most freedom and vibration of reed of any Ligatures available.**
- **Increased amount of harmonics present.**
- **Fullest saxophone sound containing high, mid and low frequencies.**
- **Simply slides over reed and becomes very secure.**
- **Greater thickness and heft adds body to the sound.**
- **Concave inner design reduces touch points on reed maximizing vibration.**
- **No moving or added parts, further increases efficiency of vibration.**
